Adding the vault storage to postgres:

- Login to user postgres; psql
- Create database vault
  - with dbuser vault
  - With password vaultpass

```
postgres=# CREATE DATABASE vault;
CREATE DATABASE
postgres=# CREATE USER vault WITH PASSWORD 'vaultpass';
CREATE ROLE
postgres=# GRANT ALL PRIVILEDGES ON DATABASE 'vault' to 'vault';
ERROR:  syntax error at or near "PRIVILEDGES"
LINE 1: GRANT ALL PRIVILEDGES ON DATABASE 'vault' to 'vault';
                  ^
postgres=# GRANT ALL PRIVILEGES ON DATABASE "vault" to vault;
GRANT
postgres=#
```

grant CREATEROLE to vault

```
postgres=# ALTER USER vault with CREATEROLE;
ALTER ROLE
```
